

# APPLIED MANAGEMENT SKILLS AND PRACTICES WORKSHOP

If a bird knows all the techniques of flying, but doesn't use them practically, then the knowledge it has is of no use. This is what the gist of 'APPLIED MANAGEMENT SKILLS AND PRACTICES WORKSHOP' conducted by Mr. Bhaskar Dutt Sharma and Mrs. Padmini Sharma both are well known for their training sessions not only in India but also abroad. This was a seven day workshop where all the students participated by whole and soul. The punch line that Mr. Sharma always used was "ALWAYS BE CONFIDENT WHATEVER BE THE CIRCUMSTANCES".

Various activities conducted by Mr. Sharma are as follows:-

- Confidence Building
- Goal Setting
- Knowing Ourselves and Identifying Our Strengths and Weaknesses
- Inculcated Team Spirit
- Tips On Resume Building
- Tricks to crack GD and PI
- Tips on Body Language, Gestures, Dressing Sense, Voice Modulation and The Way of Presenting Ourselves

To end, overall the workshop was like a capsule giving a lot in a limited time span. The workshop in short groomed the personality of students and made us emotionally strong.
